

## HOW TO RECEIVE EMAIL ANNOUNCEMENTS FROM THE CLUB

In order to receive Club announcements, you will want to subscribe to the SCSCC Administrative Group. Left-click the Present Month's newsletter issue

1. Click on this link: [mailto:SCSCC\\_Admin-subscribe@yahoogroups.com](mailto:SCSCC_Admin-subscribe@yahoogroups.com)
2. Your email client will open with a pre-addressed email message. All you need to do is to click on **SEND**. Nothing needs to be included in the body of the message.

You will receive a message from Yahoo! Groups asking you to confirm that you want to join this group. You will need to **REPLY** to this invitation/confirmation.

Then, once your current member status is verified by the Administrator of the Club announcements group, you will receive two more email messages: one message notifying you that your request has been approved; another that you are subscribed. Be sure to follow the instructions to **Reply** that's contained within the body of these messages.

*If your request to join this group is denied, then contact the Computer Club's Membership Chair (Tom Burt at 341-7095) to be sure that the Club has your current email address.*
